

histograph

The image features the word "histograph" in a stylized font. The letters "h", "i", "s", "t", and "o" are solid black, while "g", "r", "a", "p", and "h" are white with black outlines. A light gray line graph with multiple peaks and valleys is positioned behind the text. The first peak of the graph is located above the letter "h". A small graph structure is overlaid on the letter "h", consisting of six white circular nodes with black outlines connected by black lines. The nodes are arranged in a vertical column of three on the left, a single node at the top center, and two nodes on the right, with lines connecting them to form a network.
